

Captain Jack compares prices - Worksheet

Captain Jack compares prices — Grades 4–6

All money is pretend. Show your thinking with words, pictures or numbers.

1. Four pencils cost \$8. What is the price per pencil?

\$4 / \$2 / \$0.50

My thinking: _____

2. Six pencils cost \$9. Compared with \$2 each, what is saved per pencil?

\$0.50 / \$1.50 / \$3

My thinking: _____
