

Mira's picnic plan - Worksheet

Mira's picnic plan — Grades 1–3

All money is pretend. Show your thinking with words, pictures or numbers.

1. Four guests each request one apple. How many apples are needed?

6 / 4 / 2

My thinking: _____

2. Pretend apples cost \$1 each. Buying 4 instead of 6 costs how much less?

\$2 / \$4 / \$6

My thinking: _____
