

A six-month adventure - Plan

A six-month adventure — Grades 4–6

Duration: 20 minutes (adjust as needed)

Learning goal: Connect a monthly saving plan with a goal.

Materials: A six-box timeline and a pretend \$600 trip goal.

1. Welcome / 3 minutes: Preview the goal and invite learners to watch, point, talk, use AAC or work on paper.
2. Model / 5 minutes: Start with \$120 saved. Find the \$480 gap, then spread it across six equal months.
3. Practise / 8 minutes: Explore the 2 worksheet questions together or independently. Allow extra time or skipping.
4. Reflect / 4 minutes: Ask learners to show one money choice and how they worked it out. Sharing is optional.

Adaptation: Draw the timeline or use a calculator. All amounts are fictional; adults manage real bills.
