

Sammy's tap reminder - Plan

Sammy's tap reminder — Grades 1–3

Duration: 20 minutes (adjust as needed)

Learning goal: Explore using water thoughtfully without skipping hygiene.

Materials: A paper tap, blue counters and a drawing of a toothbrush.

1. Welcome / 3 minutes: Preview the goal and invite learners to watch, point, talk, use AAC or work on paper.
2. Model / 5 minutes: Role-play turning off a pretend tap while brushing, then turning it on to rinse. Use counters, not running water. Count 6 pretend water tokens before and 4 after. Tokens are a model, not litres or dollars.
3. Practise / 8 minutes: Explore the 2 worksheet questions together or independently. Allow extra time or skipping.
4. Reflect / 4 minutes: Ask learners to show one money choice and how they worked it out. Sharing is optional.

Adaptation: Observe or point instead of acting. Keep handwashing, drinking water and all needed care.
